

Bolted Couplings

The dependable and economical method for connecting Pneumatic Conveying Tube & Pipe.

Standard Features

- Galvanized or Stainless Steel shells available
- Precision cut inner sleeves and gaskets
- Thick 1/8" black Neoprene gaskets standard
- White, silicone & Viton® gaskets available
- Thick stiffener bars provide added strength
- Stainless anti-static strips included
- Threaded bolts won't strip or break
- Replacement gaskets available
- Gasket protectors available upon request
- **Lengths - 2 bolt 4", 3 bolt 6", 4 bolt 8", 5 bolt 10"**

Neoprene - Our standard black gasket for Lorenz Couplings is perfect for most dry bulk conveying applications. Resists rotting and cracking from exposure to ozone. Temperature range (-40° to +200 F°) (-40° to +100°C).

White Nitrile - Excellent gasket for use in the food industry. Manufactured of high quality FDA approved ingredients (-40° to +200°F) (-40° to +100°C).

Silicone - For use in higher temperature applications. Silicone is odourless, tasteless, non-toxic and noncorrosive. Available for all Lorenz products (-60° to +450° F) (-50° to +230° C). FDA approved.

Viton® - Please consult factory for specific details regarding this product.

EXTENSION COUPLINGS FOR EXTRA HOLDING POWER

Extension kits are available for 3 & 4 bolt couplings from 2" OD up to 12" OD. Consult Lorenz for details.
